## PowerSpeed 4000

Commission: 5742

### Machine configuration:

- PowerSpeed 4000
- Universal milling head in diagonal design
- Heidenhain TNC 640
- Handwheel HR 510
- Heidenhain Kinematics Opt
- X=10,000mm, Y=3,600mm, Z=1,600mm
- Travelling work platform Y = 3,600 mm
- Automatic tool changer with 90 tools
- Coolant system 950 litres
- Coolant pump 40 bar / 32 l/min
- Cooling water/air changeover
- SK 50 BIG-PLUS tool holder
- SHW-UniScan
- Operating mode 3
- Wireless measuring probe m&h
- CE-compliant basic crash barrier

- Standard security access
- Chip conveyor
- Fixators

### Reversible tensioner

- Linear bed with transport carriage with integrated chip and coolant management
- Reversible clamp driven on both sides with jaw chuck (left/right)
- Bezel Ø125-460 mm
- Bezel Ø 70-165 mm
- Preprint / Prism
